Sadbhavna, Ranchi:

There are 15 regents in Ranchi Province at the moment placed in different places. They took the time out for themselves on 31 August to spend time with the Lord in Tongo Parish. Fr. Samir Dungdung, SJ the Parish Priest of Tongo accommodated all of them comfortably. Fr. Pradeep Soreng, SJ highlighted the challenges of various types in regency in his talk. It was inspiring and thought provoking.

Fr. Medard Xalxo, the PCF of Ranchi Province accompanied them and listened to their experiences. Their sharing was enriching for one another. The hardships and the challenging experiences are motivating them to discover and rediscover the Charism of the Jesuits and be the men with difference. They also felt that the period of regency is the process to grow in every area of their life and be a mature person.
